YAKUZA CLASH HOLD & WIN FEATURES

HOLD & WIN

Landing 6 or more Coin symbols triggers the **Hold & Win** feature with 3 respins. Sticky Coins reset spins to 3 with each new Coin, and every Coin carries a random multiplier.

FREE SPIN MULTIPLIERS

Landing 3 Scatter symbols on reels 2, 3, and 4 triggers 8 Free Spins. During this feature, high-value symbols, Wilds, and additional Scatters appear, boosting your chances for big wins and retriggering more spins.

RESPIN FEATURE

The Respin Feature begins after line wins are paid, removing regular symbols and leaving only the triggering **Coin symbols**. Special reels with Coins and empty spaces replace the standard reels.

GAMBLE FEATURE

Double your winnings with Gamble! Choose **RED** or **BLACK** card. Guess right to double, wrong to lose. Up to 2 moves.

JACKPOT

In the Hold & Win feature, landing 15 **Coin symbols** unlocks incredible rewards, including the Grand Jackpot at **1000x**, Major at **100x**, and Mini at **25x** your bet. Fill the reels with Coins for massive wins!

RTP, VOLATILITY, AND MAX WIN

Solid 96.0% RTP

Yakuza Clash Hold & Win offers a competitive RTP of 96.0%, meeting industry standards for slot games. This means players can expect an average return of 96% of their total bets over extended gameplay, adding a touch of holiday cheer to every spin!

Medium Volatility

This game is classified as having medium volatility. This means players can anticipate a balanced gameplay experience with a mix of smaller, more frequent wins, alongside the potential for bigger, but less frequent, payouts. This volatility is ideal for those who enjoy a mix of risk and reward.

Massive 5,000x Max Win

Players have the opportunity to win up to 5,000x their stake. This substantial maximum win potential adds an extra layer of excitement, making each spin feel like it could lead to a significant payout.

Visual and Audio Appeal

The backdrop immerses players in a vibrant urban setting lit by neon signs and shadowy alleyways, capturing the intensity and mystery of the Yakuza underworld. Enhancing the atmosphere is a dramatic soundtrack with traditional Japanese instruments and the sharp clicks of spinning reels, delivering a captivating experience in this thrilling world of honor and hidden treasures.

SYMBOLS AND PAYTABLE

In Yakuza Clash Hold & Win, the symbols are inspired by the gritty and powerful world of the Japanese underworld, each representing the intensity and mystery of the theme. Every symbol carries a specific payout value based on the number of matching symbols that land on the reels, with detailed values available in the paytable.

YAKUZA CLASH HOLD & WIN BONUSES AND SPECIAL FEATURES

Hold & Win

Landing 6 or more Coin symbols triggers the **Hold & Win** feature, starting with 3 respins. The triggering Coins remain sticky, and every time a new Coin lands, the spin count resets to 3. Each Coin comes with a random multiplier, adding to the excitement and increasing your chances of landing massive rewards as the reels fill up!

Free Spin Multiplier Feature

Landing 3 Scatter symbols on reels 2, 3, and 4 activates 8 Free Spins, opening the door to thrilling rewards. During this feature, only high-value symbols, Wilds, and additional Scatters can appear, increasing your chances of landing massive payouts and retriggering even more spins.

Buy Bonus

For players who can't wait to dive into the action, the **Buy Bonus** feature allows instant access to the **Free Spins** and **Coin Respin** rounds by paying an amount equal to 48 times and 40 times the total bet. This feature is perfect for those looking to fast-track their way to big wins without waiting for the spins to land naturally.

Stacked Wilds Feature

The standard **Wild** acts as a substitutor, appearing on any reel in both the Main Game and Free Spins. Similarly, the **Stacked Wild**, composed of 3 Wild symbols, also serves as a substitutor and appears on reels 2 to 5 in both game modes.

Gamble Feature: Double or Nothing

Ready to test your luck? The Gamble feature offers you a thrilling chance to double your winnings. Simply choose between **RED** or **BLACK** after a win. Guess correctly, and your bet amount doubles instantly! But be careful—an incorrect guess means you lose the gamble. You can take up to two daring moves—are you ready to gamble?

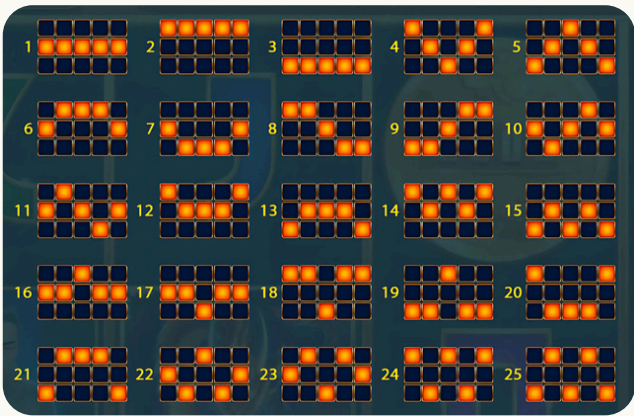

Respin Feature

The Respin Feature begins after line wins are paid, leaving only triggering **Coin symbols** on special reels with Coins and empty spaces. You start with 3 respins, and any new Coin resets the count to 3. The round ends when spins run out or all 15 positions are filled, awarding the **Grand Jackpot**. At the end, all Coin values are totaled for your payout. This feature is also available during Free Spins.

YAKUZA CLASH HOLD & WIN RULES AND GAMEPLAY

All symbols pay from left to right on selected paylines. **FREE SPINS** win is added to the payline win. Only the highway win is paid per line. SPACE button on the keyboard can be used to start and stop the spin. The average RTP of the game is 96.00%. Malfunction voids all pays and plays.
